The camera obscura principle

A super old principle

Quite « simple » in theory

We've built one, and invite
viewers to step inside.

Our camera

- 21 seats
- 30 minutes show
- 4 sessions by day

- 1 comedian inside
- 2 comedians outside

Late 2023 picture of the trailer
(during construction)

Memories From The Future

Is the title of the movie
played in the Camera
Obscura

Show translation

Using subtitles :

- Consistent with the cinematic form
- Not limited to languages we speak
- Low cost of adding a new language
